

## **PERFORMANCE AGREEMENT (PAGE 2 OF 3)**

### **4. TECHNICAL REQUIREMENTS**

#### **Stage**

A clean, solid, indoor stage surface: at least 26.5 ft. wide by 12 ft. deep, and 12 ft. from stage to ceiling.

If the stage is constructed from portable risers, they must be securely fastened together!

At least one set of stairs from the audience to the front of the stage is recommended for audience participation.

\*If the stage does not meet all the requirements, please notify Artist so performance can be modified!

#### **Audience**

The performance will have greatest impact if the audience is seated close and has an unobstructed view of the performers, head to toe. People at the sides and back may be unable to see some parts of the performance.

If a dance floor is between the stage and the audience, please fill it with portable chairs.

Please do not serve food or drinks, or clear tables during the performance.

#### **Sound**

Please provide: a sound system loud enough so Artist's voice and music can be easily heard by a loud, full capacity audience.

Artist will provide two wireless microphones and a music source with an 1/8" stereo headphone jack.

Please provide: inputs for the two XLR microphones & one 1/8" stereo music source **on stage (preferably in stage wing)**.

Artist will control all music cues, however, please have a qualified sound technician on duty during the entire performance to ensure good sound quality. (Don't just set it up and leave.)

#### **Lighting**

Please provide a general wash with enough lighting so that a grape thrown into the air will be easily seen by the entire audience. Generally, we like it bright!

The show may include video projection (projectors provided by artist). Ability to quickly turn all the lights off and on may be necessary.

#### **Set up and Rehearsal**

Artist needs 1 hours to load in, set up props, and meet with sound and light operators to set lights and sound, at least 2 hours before the audience arrives.

Load-out time: 1 hour.

**If any of the above requirements cannot be met, please notify Artist as far in advance as possible, so Artist can modify the performance.**

**ACCEPTED BY PURCHASER**
